

Webinar: Inclusive Kitchens

Course Description

This intermediate level webinar will provide the participant with knowledge of interventions specific to inclusive kitchen modifications. The presentation will be filled with visual imagery to give examples of inclusive kitchen design as it conforms to a varied spectrum of users. Multiple case studies will be utilized to demonstrate the application of interventions. This webinar includes a review of critical kitchen measurements as they relate to the determination of client-centered design recommendations and product solutions.

Course audience includes occupational therapists, physical therapists, builders, remodelers, architects, interior designers, housing professionals, case managers, healthcare professionals, realtors and others interested in inclusive design.

Course Objectives

At the end of this course, the participant will be able to:

- Identify various kitchen modification interventions that meet the needs of a varied spectrum of users.
- Differentiate between accessible versus inclusive kitchen design interventions and product solutions.
- Through case studies, will formulate and apply a rationale for selecting kitchen modification interventions to ensure that current and future needs of the client, caregivers and other household members needs are met.

Course Fee \$45

Confirmations & Cancellations

Confirmations of registration are sent via email. Add dyoung@empowerability.com to your email address book to ensure delivery. If you have not received a confirmation, you may call our office at 302-504-6067 to verify registration.

Cancellations for Internet-based training received at least five (5) days before the event are refundable less a \$20 administrative and processing fee. Cancellations less than five (5) days before the event are non-refundable. However, with written notification to EmpowerAbility[®] LLC, the Internet-based training cost can be applied toward another EmpowerAbility[®] LLC sponsored training. EmpowerAbility[®] LLC reserves the right to cancel any course with due cause such as not meeting minimum registration numbers, illness of the instructor, or inclement weather conditions that prevent the instructor from reaching the course site. A full refund will be provided for such cancellations made by EmpowerAbility[®] LLC. EmpowerAbility[®] LLC is not responsible for weather and transportation difficulties or non-refundable travel costs. All course fees are non-refundable except of the situations noted above. Any issues regarding this policy, or other complaints/concerns must be submitted in writing directly to EmpowerAbility LLC at dyoung@empowerability.com.

Continuing Education Credit information

A certificate of completion for 1.5 contact hours (.15 continuing education units CEUs) can be provided for this live webinar. Full attendance at the live webinar event only. Full attendance is required to receive full credit. Partial credit may be awarded if your board allows. At the conclusion of the webinar each qualified attendee will be required to complete a post-webinar evaluation to receive a certificate of completion.

For continuing education credit information inquiries, please contact dyoung@empowerability.com or 302-504-6067, before the event.

Course Instructor

Debra Young —owner of EmpowerAbility[®] LLC, an occupational therapy consultancy—is an award-winning, certified specialist in environmental modifications, inclusive design and the impact of the environment on health. Debra has 25 years of occupational therapy experience as a clinician, educator and business owner. With unique work experiences in health/healthcare, education, employment and housing, she has been a provider of services across a spectrum of settings and populations for both client-based and systems-level practice.

Debra has earned a Master's in Education degree with specialization in Assistive Technology (AT) from Bowling Green State University, a graduate certificate in AT from Johns Hopkins University and a Bachelor of Science degree in Occupational Therapy from Elizabethtown College. Debra has been named a Fellow to the American Occupational Therapy Association (AOTA) and has earned the AOTA Specialty Certification in Environmental Modifications; distinctions accomplished by less than 1% of occupational therapists nationally. She is the 2014 recipient of the AOTA Recognition of Achievement Award for notable contributions to the profession and its consumers in the environmental modifications specialty area of practice. Debra has recently been selected from a national pool of applicants to participate in Cohort 3 of the Urban Land Institute Health Leaders Network.

Debra has also held external leadership positions as the National Association of Home Builders (NAHB) State Associate Director, 55+ Housing and Industries Council Trustee, consultant governor to the Certified Aging in Place Specialist Board of Governors and an NAHB approved instructor for the CAPS and Universal Design/Build courses. She is the recipient of the NAHB 2013 CAPS of the Year Award. Locally, she is the former Associate Vice President of the Home Builders Association of Delaware (HBADE) Executive Board and former President of the HBADE Associates Council.

Debra has published and presented on local, state, national and international levels on the creation of healthy, inclusive homes and communities. She currently holds an adjunct teaching position with the University of South Dakota instructing post- professional doctoral occupational therapy and PhD Health Sciences students on leadership in healthcare and on a course that she developed on environmental modifications occupational therapy practice.

Accommodations for Persons with Disabilities

Accessibility needs and other accommodation requests (such as sign language interpreter and large print or Braille material) must be made in writing to EmpowerAbility[®] at dyoung@empowerability.com at least 30 days prior to the course date.
